

HKHS PHYSICAL EDUCATION DEPARTMENT
CLASS EXPECTATIONS AND GRADING PROCEDURES

1. For each class, students are required to:
 - Complete the fitness component
 - Participate in the day's class activity
 - Dress according to the PE dress code

2. The grade for the course will depend on the amount of points earned in class each day. Each class is worth ten (10) points. The point breakdown is:
 - Fitness component (4) four points
 - Activity component (4) four points
 - Effort (1) one point
 - Attitude/Sportsmanship (1) one point

3. Grade point averages will be converted into the school's letter grading system. (For example, 95=A, 55=F). Physical Education grades count for honor roll but not for class rank. Due to the fact that this course is mainly based on participation, each time a student receives a "O" his/her grade drops. Each "O" received lowers grade one letter grade. Ex. 1 "O" = B, 2 "O's" = C, 3 "O's" = D, 4 "O's" = F.

4. The Physical Education Dress Code:
Each student must change into a "T" shirt, elastic waist shorts, socks, and sneakers. Clothing must be free of offensive signs, slogans, or language, and not advertise alcohol or illegal substances. Clothing must be appropriately sized and worn appropriately.

5. Make-up classes:
 - One make-up class consists of 60 minutes of time made up during activity/lunch period.
 - You will not be allowed to make up "cut" classes.
 - Make-up classes can only be made up on Monday and Tuesday in the field house. Swim make-ups will be held Thurs. and Fri. – dates will be posted.
 - The time and date of the make-up class must be documented by the PE teacher on duty in the "make-up log book."
 - Classes may NOT be made up during school midterm or final exam periods.
 - Swimming and fitness testing are required units and must be made up within their respective areas.

6. The Physical Education Department follows the school's attendance policy as explained in the student handbook.

7. All medical notes must be cleared through the school clinic prior to the start of class. Medical notes from doctors, athletic trainers, and physical therapists will be honored.

8. A student who cannot participate in a sufficient number of classes in a semester because of medical reasons, should consult his/her guidance counselor to withdraw from the course and re-schedule it for another time. All students must participate in a minimum of 25 classes in PE1 and electives and 50 classes in PE2 in order to pass and receive credit for the course.

I have read the class expectations and grading procedures above:
